at  
The Purley Chase Centre, Mancetter, Atherstone,  
Warwickshire

*The purpose of Gatekeeper Trust's Wheel of Life project is to help us reconnect with earth and heaven, nature and spirit, through shared journeys of celebration, uniting people in friendship with each other and the land.*

*Join us this weekend  
and help us launch the project!*

With  
Peter Dawkins, Angela Shaw, Charlotte Yonge  
Caroline McCausland and others.....

Our Wheel of Life's 2017 programme of pilgrimage, dance and expressive arts events, takes place monthly at places throughout Britain. Each event is linked to a constellation in the heavens, as the ancient philosophers and story tellers conceived it to be – a 'zodiac' circle of myths and teachings revived for our times.

**On Saturday Peter Dawkins** will lead us in exploring the background and 'science of life' behind the British Landscape Zodiac, followed by a site visit to High Cross, the centre of the Zodiac. In the evening **Caroline McCausland** and friends, Anam Chora, will lead us in song and chants.

**On Sunday** we will explore the 'Wheel of Life' with the events planned for 2017, including presentations by **Angela Shaw**—Lanterns for Peace; **Charlotte Yonge**—mandalas and poetry in the landscape; **Sarah Dawkins**— dance in the landscape. We will pilgrimage to Hartshill in the afternoon, finishing with discussion.
